The Founding Father of Cosmological Economics

ABOUT THE AUTHOR

The Institute of Cosmological Economics considers William Delbert Gann to be the most influential fi development of **Financial Astrology** and **Cosmological Economics**. Throughout his years of exp research, Gann meticulously assembled a unique and comprehensive analysis and trading system tha and dependable trading methods with a profound esoteric and mathematical understanding of how (including the Markets) relate through a Universal **Law of Vibration**. His master system was elaborated a books and courses, each containing several layers of encoded information. Initial exposure to his materi and exoteric teaching of **Cosmological Economics** tools. Further study reveals a more secretive esot through obscure references, phraseologies, calculators and mysterious charts.

Gann's pioneering studies were decades ahead of his time. The tools and techniques have only increased in their efficacy and application through the advent of technologic years. When computationally applied, Gann's exoteric techniques provide some of the m developed in the field of Technical Analysis. His esoteric tools are capable of producing i trading signals which far exceed the general industry standards.

The Institute of Cosmological Economics remains dedicated to promoting the source te by offering the most comprehensive catalog of his Master Courses, Unpublished Works Calculators and more. We have amassed the most comprehensive collection of his legendary Gann Rea forefront of promoting the efforts of the premier Market Researchers who have followed in his footsteps: **Jerome Baumring** (the only known person who fully uncovered the Gann code), **Dr. Lorrie V. THE EARLY LIFE OF W. D. GANN

William Delbert Gann was born at 10.34am on 6 June 1878, in a rural setting on the outskirts of L exposure to the world of investment was as a 13 year old newspaper sales boy aboard trains. During 1 many conversations from train passengers, speculating on market investments and future com conversations sparked an interest in him that would change the path of his life forever.

WALL STREET TRADER

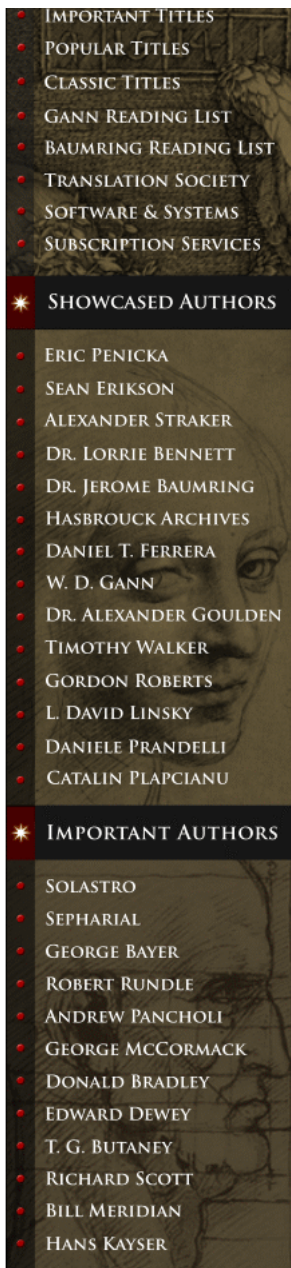

At the age of 25 Gann relocated to New York City. In 1903 he gained his first job working at a large br Street. In these early years he developed a strategy to make profits that was rooted in the sound princ Price Patterns, Technical Analysis, and most importantly – **Risk Management**. While integrating these into his profession, Gann developed a desire for deeper insight into exactly how and why market patterns repeated cyclically throughout time. His motivation to learn more about these cycles led him to a de subjects including Natural Philosophy, Vibration, **Number Theory**, **Sacred Geometry** and **Astrology**.

GANN'S SIGNIFICANT DISCOVERY

It was on August 8th, 1908 that Gann says he made his most significant discovery in Market Forecasting of dedicated research and study, Gann then promoted his forecasting abilities to Wall Street in **Investment Digest Interview** with Richard D. Wyckoff. During the interview, Gann emphatically declar his years of study and market forecasting abilities are firmly rooted in the understanding of *"The Unive and Harmony"*. He also states in candid terms that *"Everything in existence is based on exact p relationship. There is no chance in nature, because mathematical principles of the highest order lie a things."*

HIS ASTONISHING SUCCESSES

As personally witnessed by an independent Auditor hired by The Ticker, Gann demonstrated his fore producing 1000% return with 262 out of 284 successful trades over one month of trading; an astonish This incredible milestone remains a beacon for those seeking to uncover the deepest secrets contained v

of his writings. It remains that to this day, although many have claimed, that very few traders have truly describing a market forecasting proficiency to match that of Gann. In our extensive knowledge of th contemporary” who has done this was the late **Dr. Jerome Baumring of the Investment Centre**.

GANN’S MASONIC AFFILIATIONS

On December 15th, 1922, Gann gained membership into Commonwealth-Stella Lodge No. 409, Free & A York City, and by March 27th 1923 he was raised as a 3rd degree Master Mason. Gann demitted his years later in 1939. Although Gann never cites his Masonic affiliation as being critical to his successes on Forecaster (his record was proven prior to membership), we acknowledge that it may have play development. We can safely assume that his affiliatoin was used to gain access to the rare, original Mase in thier libraries, to learn their secrets and codes, and to meet other like-minded contacts in his field of inte

THE FORECASTS OF W. D. GANN

Throughout his life, Gann made numerous forecasts and predictions including the November 9, 1918 ab Kaiser and the end of WWI. His abilities to predict future socio-economic events is most notably demons classic **“The Tunnel thru the Air”** (Pub. 9th May 1927) in which Gann forecast the exact top and p September 1927 at 24.40 (pp. 196). He also accurately forecast that the stock exchange would close c October 3rd 1931, and that the major low would occur on the 5th October of the same year. The forecast

Symbolism

In the esoteric tradition the use of symbolism as a communicative form has been taken to its highest representation. Reading the symbols of the ancient systems takes great study and the development of intuitive insight, which can take many years of training. Ultimately, the symbolist learns to read the world itself as the Grand Symbol of the Mysteries.

AUTHOR & PUBLISHER

The legacy left behind by this Master Trader and founding father of Cosmoeconomics remains available for exploration in the form of his meticulously crafted Books and Master Courses. Throughout his career as an Author & Publisher Gann retained complete control over all editorial aspects related to his works. This must remain a critical consideration for prospective purchasers of his titles, as he

deliberately encoded the essence and secrets behind his teachings within the covers of his books “in plain sight”.

Many contemporary reprints of his titles include editorial changes that negate the clues contained within. The Institute of Cosmological Economics retains an unwavering commitment to upholding the publication of the original Gann Legacy.

GANN AND SPIRITUALITY

W.D. Gann’s spiritual beliefs cannot be separated from his developments in the field of Financial Forecasting. In his twilight years, Gann’s last published offering “**The Magic Word**” was a means to “*Show others the God’s divine law and thus help them to bring out their latent talents and their God-given powers, for they can realize health, happiness, and prosperity.*” However, those who follow the esoteric trail of Gann’s teachings find Biblical references contained in this work serve as a code to decipher some of the final hidden secrets left for posterity.

THE LEGACY OF W. D. GANN

Gann was said to have taken over \$50,000,000 out of the markets over his long trading career, leading to his uncovering the secret teachings of his esoteric system. Gann died on June 18th, 1955, leaving generations of researchers fascinated and intrigued with the vast offerings he has left behind. The Institute of Cosmological Economics is proud to be the premium centralized source for the accumulation and distribution of the very best original materials that explain, apply and decode his vast perennial legacy.

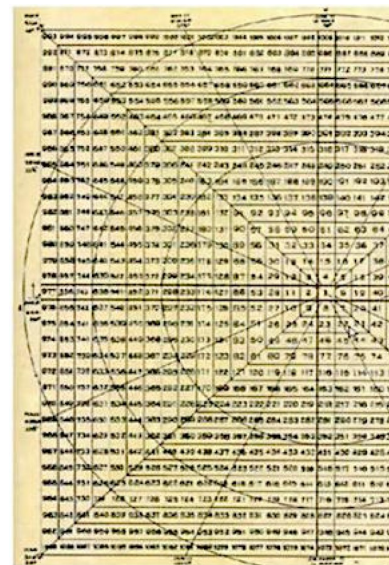

THE PUBLICATIONS OF W.D. GANN

Space-time

Space and time can be seen as the primary elements which define the container of existence in which we all function. In the financial markets we could say that Price and Time are the two primary elements which define market movement and structure. Price is Space in the financial market cosmos, and Gann himself even referred to Space in market charts.

impossible to apply his techniques **without the help of an interpretive scholar** who has spent years decoding and mastering his true ideas.

In recent decades, a secondary market of books and courses has emerged which **explain and expand Gann Theory**. As such, all students of Gann quickly find themselves turning to these interpretive scholars for a real understanding of what Gann was actually doing. At ICE, we have spent 35 years developing **the most interpretive and applied works on Gann Analysis**, such that our catalog is unmatched by any other source.

The Institute of Cosmological Economics is proud to represent the best modern day proponents of Gann whose steadfast and unwavering efforts to uncover his deepest teachings have yielded new insights into the market master. Our authors represent **THE TOP experts within this field** and have helped 1000's of Gann students over decades to learn to apply and profit from both Gann's exoteric and esoteric techniques and principles.

Following is a chronological listing of the modern Gann authors published by ICE:

Dr. Jerome Baumring

The work of Dr. Baumring is the **core inspiration upon which the Institute of Cosmological Economics is based**. He is the only known modern person to have cracked the code behind W.D. Gann's system of trading and market analysis. His **Harmony Series** remains one of the most significant resources in the field of Gann Theory. Baumring's work is essential to rediscover and elaborate upon the **scientific cosmology that lies at the root of Gann's Law of Vibrations**.

Daniel T. Ferrera

Daniel T. Ferrera is one of the most respected modern day market analysts and educators in the field. His interpretations of Gann's teachings remain some of the most accessible and popular in our catalog for those seeking a solid, **Master's Degree** level education in technical **Gann analysis**, we highly recommend his work. Known for distilling complex ideas into comprehensible tools, Ferrera is a **great place to begin**, but will also take experienced traders to new levels. Each of Ferrera's 9 courses covers a specific angle of Gann's work. **More »**

Daniele Prandelli

Daniele Prandelli is an accomplished trader who specializes in conjoined forecasting and trading applications of Gann. His two main works focus upon the application of Gann's **Planetary Longitude Lines** and his **Market Model** to create a **yearly market model**. He also provides excellent guidance on **risk management and trade management** in a trading context. **More »**

Catalin Plapcianu

Catalin Plapcianu is a Mathematician Engineer, and Market Analyst who brings original and sophisticated applications to the study of Gann Theory in his course, **The Square: Quantitative Analysis of Financial Markets**. He uses advanced algorithms based upon complex mathematical and physical modeling to predict the end movements of stock and commodity markets. **More »**

Timothy Walker

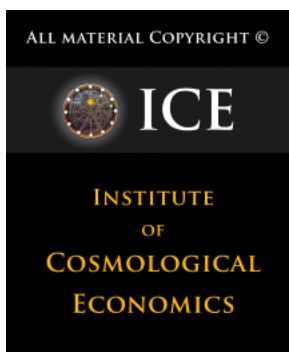

Tim Walker's **How to Trade Like W. D. Gann Series** is completely focused upon Gann's six specific concepts. It covers the **Mechanical Method**, the basis of his **Swing Trading strategy**. Tim tediously acquired all of the original Gann courses to chart and analyze each of Gann's 100's of trading examples as they evolved over 40 years. This is **THE best presentation of Gann's Swing Trading Methodology** and an excellent place to start for beginning traders.

Gordon Roberts

Gordon Roberts is a long-time **Position Trader** whose work **Market Vibrations** presents a clean and clear method for identifying intermediate to long-term trade setups using Gann's principles from **How to Make Profits in the Market**. It is the **best work on Position Trading** in our catalog and an excellent work for beginning Gann traders. Robert's **Trading Strategy** that **limits risk**, while generating a **high degree of leverage** to **turn small capital into large profits**.

Dr. Lorrie V. Bennett

Lorrie Bennett's work is a master of the **Law of Vibration** and a true expert on the underlying science behind Gann's work. Bennett's **4-Volume Series** (in-development) presents the most thorough explanation of the **deeper science** of Gann's teachings.

work from **Theoretical Wave Mechanics** in **Volume 1**, to the **13 Sacred Cyclic Numbers** encoded into **Volume 2**, to the development of a more advanced system of astrology based upon **Hellenistic Astrology**. **3. Bennett's series** is our most thorough theoretical work and takes the reader on a deep dive into the secrets of the Gann Theory.

Robert Rundle

Robert Rundle's expertise lies in decrypting the complex hidden codes that W. D. Gann used to veil his most mysterious book **The Tunnel Though the Air**. Rundle has spent 2 decades penetrating these codes and has created a **Masonic cipher** to decode Gann's hidden time cycles in his **3-Volume Series, Magic Words thru the Gann Theory**.

Eric Penicka

Eric Penicka's work offers unique interpretations of Gann's legacy while also trailblazing into new fields of research such as horse racing and trading. His primary contribution to Gann Theory comes in his fascinating book, **Gann's Secret Table & the Law of Vibration**, in which he focuses on Gann's words in the **Ticker Interview** to decode when he said his principles are based upon the **Laws of Nature** and the **Periodic Table of the Elements**; we have seen which provides a good explanation of Gann's chemical theory as the basis for market action.

Alexander Straker

Alexander Straker is a professional trader and manager whose book, **Golden Speed: The Geometry of Gann's Theory**, reveals some significant breakthroughs about Gann's underlying calculations for price and time, defining a new method which, when applied, activates many unseen elements of Gann research and corrects what are otherwise errors. **More »**

Johannes Sundberg

Johannes Sundberg is a 25-year professional fund manager whose book, **The Secret Science of Squaring the Circle**, reveals the theory of **astro-geometric price/time modelling**. It unveils some of Gann's **best hidden secrets**, in particular, **Price and Time in the ONLY proper way to create Gann Angles by planetary phenomena!** This method of mapping the cosmos onto a chart, thereby generating **powerful trade setups for Position Trading**. **More »**
